

# Overcome International Inc.

## Stories of **INCREDIBLE COURAGE** traveling museum & workshops

A unique experience where you explore courage from three perspectives: to challenge the status quo, to stand up to institutional corruption, or to confront national tyranny. Courage is how we move from young to adult, from adult to mature, and from mature to legacy; it is “every virtue at the testing point.”

Whether you choose to host a workshop or just the museum, your members (youth, students, seniors, club members, Sunday school, etc.) will be inspired, challenged, and emboldened. They will see the value of being true to themselves and being good, strong, and wise despite the circumstances. This kind of courage leaves a good legacy!

**Traveling Museum** - The museum is a one or two-hour event where your members visit the traveling museum, hear a short presentation and ask questions. Suitable for one class period, a lunch break, or even a Friday night or Sunday afternoon event. Books will be available to buy.

**Workshops** - The workshop is an interactive one or two-day experience (3-5 hours total) where your members will read, act, discuss, and engage in activities to discover what courage may look like in their life. They will explore their or their family's stories of courage and reflect on Stories of Incredible Courage from the Overcome archive and books. Each workshop includes access to the Traveling Museum.

\* Concept designs of the future traveling museum

The Stories of Incredible Courage Museum seeks to increase history literacy and to bring virtue to life through the stories of those who have overcome corruption in some form, and who lived worthwhile and exemplary lives. We started collecting stories of those who ran from Putin's tyranny in 2022, and those who escaped communism and socialism in the last century. We also collect stories of exemplary young people who have challenged their own status quo. We offer an unvarnished perspective of the past to shine light on the future.

**To learn more or schedule please call Daniel Tet (925) 337-3518 or visit [overcomeinternational.org](https://overcomeinternational.org)**

*To cover the costs of the museum, workshops, and the collecting, storing, archiving, etc. work of Overcome International, donations are recommended based on the travel distance and number of events. Everyone at Overcome International is an unpaid volunteer.*
